

CS@TAMU Beginning Evaluation

Throughout your summer experience you will be asked to provide feedback to the Department of Computer Science. This feedback will allow us to ensure that you are receiving the experience promoted by the program. Your comments on general information will allow for adjustments and changes to better the program.

Some of the feedback you provide will be done so anonymously and some will ask you to provide your name. You will not be graded, etc. on the information you provide on the survey. The personal information you provide will allow us to evaluate each student's experience and improve future years of the program.
